

Computer A

Computer B

NIC

Tx

Rx

NIC

LAN cable

The diagram illustrates a network connection between two computers. On the left, a large rectangle represents 'Computer A'. At its bottom center is a smaller rectangle labeled 'NIC'. To the right of the 'NIC' is the label 'Tx'. On the right, a large rectangle represents 'Computer B'. At its bottom center is a smaller rectangle labeled 'NIC'. To the left of the 'NIC' is the label 'Rx'. A horizontal line connects the bottom of the 'NIC' in Computer A to the bottom of the 'NIC' in Computer B. Below this line is the label 'LAN cable'.
